

SUZOHAPP Wins Award for New Website at BEGE 2019

DE MEERN, THE NETHERLANDS, November 25, 2019 – SUZOHAPP is pleased to announce that it won a 2019 BEGE Award for its new Component Website suzohapp.com/oem in the 'Components Supplier' category.

The Balkan Entertainment and Gaming Expo (BEGE) takes place each year in Sofia, Bulgaria and is the leading exhibition for the gaming and entertainment industry in the Eastern European region. The annual BEGE Awards have been granted since 2008 and honor individuals and companies for significant contributions and excellent achievements in the gaming and entertainment industry.

The significant contribution for which SUZOHAPP won the 2019 award is its recently launched Components website. Information rich, easily searchable and well organized, the new SUZOHAPP site provides casino operators and gaming OEMs with immediate access to comprehensive product information for the most complete range of components on the market today which includes monitors, locks, printers, scanners, bill and coin handling, cabinet parts, cashless systems, and more.

"As we sat down to create this website, our main goal was to further simplify the sourcing process for our customers," said Mike Sigona, SUZOHAPP's Business Development and Global Gaming Product Manager. "With every new iteration, we asked ourselves how we could make the site more clear, more complete and more intuitive. We are very proud of what we were able to accomplish and it feels great to be recognized by the BEGE team!"

Launched in October, the award-winning website has been well received by SUZOHAPP customers and traffic to the site has exceeded expectations.

"I'd like to thank my team for creating what is quickly becoming a go-to resource for our customers – the tab that is always open on their web browsers," added Sim Bielak, SUZOHAPP's President of Global Gaming & Amusement. "It is truly an honor to receive this award from BEGE."

To see the website for which SUZOHAPP was recognized, visit suzohapp.com/oem.
